- **Soft Skills:** Agile Development | Problem-Solving | Code Optimization | Collaboration | Performance Tuning

PROFESSIONAL EXPERIENCE

Duration Windows

July 2025 - February 2026

Web Developer

- Improved overall website design by refining color schemes, enhancing visual consistency, and aligning the interface with company branding.
- Implemented layout and styling updates to enhance user experience, accessibility, and cross browser compatibility.
- Optimized website responsiveness to ensure seamless performance across mobile, tablet, and desktop devices.

411 Locals

July 2023 - June 2025

Web Designer

- Designed and customized WordPress themes using Elementor and Divi, providing clients with fully responsive, visually appealing, and SEO-optimized websites.
- Implemented design revisions and plugins to improve layout, branding, and user experience.
- Implemented on-page SEO best practices, including meta tags, keyword optimization, image alt attributes, and proper heading structure.

The Outsourced Doers

June 2022 - June 2023

Software Engineer

- Designed and built front-end components using React.js and implemented RESTful APIs for seamless backend communication.
- Implemented performance optimization techniques, reducing website page load times by 2.5 seconds. This significantly improved SEO rankings and increased mobile user retention by 20%.
- Designed custom PHP-based WordPress templates, allowing for greater flexibility and easy content updates without requiring developer intervention. This streamlined content management for non technical users.

EDUCATION

Bachelor of Science in Computer Science

May 2018 - May 2022
